BISON

UTILITY TRAILER

CB SERIES

Our trailers are some of the most durable on the road today. Useful for transporting machinery and fodder. Manufactured on the highest quality standards to ensure long life.

Guidelines to keep rear ramps.

Two tandem axle suspension and sport wheels.

Long size pull that permits turns with less angle, with ball hitch reinforced and support skid.

An electric braking system that works through a sensor attached to the vehicle (optional single axis).

PTR structure, reinforced 13-gauge metal floor and non-skid paint.

Backdoors can be used as ramps.

Guidelines to keep rear ramps.
